## TallyGenicom 6800/6600 Consumables

the Power of +

The TallyGenicom Cartridge Series of Line Matrix Printers provides a flexible design, adaptable functionality and manageable savings including the lowest cost for consumables and total cost of ownership.

+ LONGER LASTING INK = Fewer ribbon changes yield more productivity and contribute to a lower cost of ownership.

+ LEADING EDGE RIBBON TECHNOLOGY = Less IT interventions and less downtime, delivered by a patented feature only available with genuine TallyGenicom consumables.

+ EMBEDDED MICROCHIP = Gives you precise, integrated control over ribbon life, print quality and most importantly, operating costs. Prevents interruptions during longer print runs.

+ COMPACT CARTRIDGE DESIGN = A more efficient use of materials contributes to less shipping, packaging and storage costs.

+ BACKWARDS COMPATIBILITY = Ribbon cartridges for the 6800 are backwards compatible with 6600 printers for reduced inventory management cost and simplified ordering.

+ ENVIRONMENTAL ADVANTAGE = Line matrix consumables are inherently greener than serial or laser printer consumables, with a significantly better environmental coefficient achieved by using less cartridges and less shipping materials.

UP TO 30% IMPROVEMENT IN CONSUMABLE COST PER PAGE

The redesigned ribbon cartridge does more with less, yielding a longer print life than the previous generation. Plus, a reduction in packaging produces a 20% reduction in shipping weight, resulting in lower costs and less landfill. And compared to laser technology, line matrix offers far better environmental advantages.
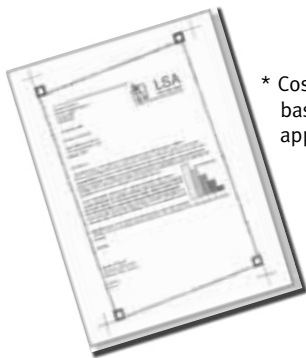

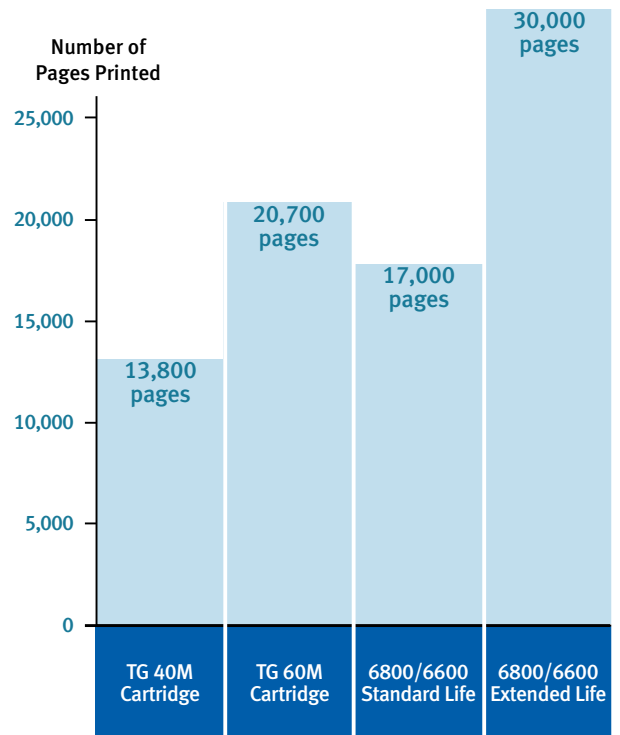

STANDARD LIFE CARTRIDGE = Lowest cost per purchase for customers with a restrictive budget. Available in a single pack. This ribbon cartridge fits all 6800/6600 printer models.

EXTENDED LIFE CARTRIDGE = For customers seeking a lower operating cost per page. Available in a single and four pack for greatest cost savings. This ribbon cartridge fits all 6800/6600 models, except the 500 line per minute models.
