

Zebra OneCare™ Features-at-a-Glance

Peace of mind, your way

Surprises can be fun — but not when it comes to the devices and software applications that run your business. If unexpected issues arise that halt workflows, having a plan in place to protect business outcomes is crucial. Bring operational certainty within reach with the right partner and maintenance plan. With Zebra OneCare™ maintenance plans, the experts that know your technology best will ensure that you achieve peak performance and maximum uptime from every one of your covered Zebra devices. Never one-size-fits-all, you can choose a “right-for-you” maintenance plan that’s tailored to your specific business needs — and your budget. Access support in whatever way is right for the urgency of the moment: talk live with a Zebra-badged agent; tap into self-service diagnostic tools; submit requests easily online; or compare notes with another member of Zebra’s online support community. Most importantly, you’ll gain the peace of mind that comes from having a mobility partner that’s 100% accountable for everything it makes.
