SDK for ANDROID

it allows the printing of text (special fonts included) and graphic with an excellent printing quality!

• Belt clip

Available (SDK) library of Microsoft Windows Phone 8 operating system for Bluetooth® printing.

"CustomPrint" APP developed by Custom is now available on Google Play and Apple Store, it allows to print directly from the smartphone all the data contained in it, such as calls list, texts, contacts, photos but also web pages, through Bluetooth® and Wi-Fi interface.

Available "CustomPrintService" APP for Android 4.4 or higher which allows the direct printing with no needing of developing libraries.
