Candidate List of Substances of Very High Concern
ARMOR Fabric Label Materials

According to Regulation (EC) No 1907/2006 of the European Parliament and of the Council of December 18, 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH), ARMOR has put in place a systematic watch of the Candidate List of Substances of Very High Concern for Authorisation published by ECHA in accordance with Article 59 (10) of the REACH Regulation.

We hereby, certify that no SVHC substances are intentionally added during the manufacturing process of ARMOR Fabric Label Materials in accordance with last update of January 23rd, 2024. Therefore, their presence is not expected and ARMOR Fabric Label Materials comply with the requirements concerning the limit of 0.1%.

The information given above is based on our best knowledge and experience (based on the knowledge of the production process, supplier information for raw materials and analytical data where applicable). Considering possible changes in laws and regulations, as well as changes in our products linked to changes of supplier, we cannot guarantee that the concentration and/or the limit will remain unchanged in our Fabric Label Materials.
